The Great Hall

- The Great Hall is a software platform by ORION focusing on Board Management and Assistance.

- In one of a kind masterpiece, The Great Hall (T.G.H) is the only platform that combines between Content Management, Communication, Task Management, Workflows, Scheduling, and Conferencing; all in one shipped together in a flawless user experience.

- ORION designed T.G.H to make board members only focus on what matters; providing them with restful tools to communicate in a fully secured privacy, exchange materials, discuss about it, and Form decisions together.
